

USE ONE SHEET PER PERFORMER

Date: _____

To assist in managing your account and providing your performers with accurate costuming, please complete the following information.

Group Name:				
Contact:				
Performer Name:				
Sex:	MALE _____		FEMALE _____	
Height:	ft.	In.	Weight:	lbs.

Additional Information:

FOR BEST RESULTS, ONE PERSON SHOULD MEASURE ALL PERFORMERS

1. CHEST/BUST _____ inches
Measure just under arms, across shoulder blades and over fullest part of chest. For bust, measure at fullest part of the bust. Be sure tape is level and straight.

2. WAIST _____ inches
Measure over shirt, not over trouser.

3. HIPS _____ inches
Measure around the fullest part of the seat. Snug not tight.

4. GIRTH _____ inches
Measure from the outer most part of the right shoulder, down the front of the body, through the crotch area, up the back to the outer most portion of the left shoulder. This measurement is the most important as it reads the shape/measurement of the torso.

5. INSEAM _____ inches
Measure well-fitting pants (similar to uniform pants) along inner seam from crotch seam to bottom of leg. The finished hem length should be from 1/2" to 1" above the top of the your shoe heel. Styles worn with high heels require extra length.

SPECIAL DESIGN REQUEST:
(Draw garments where necessary)
